BANKING LAW | FINANCING

Barna Evva specialises in financing and is particularly active in the areas of real estate, company acquisitions/LBOs (industry, media, services, etc.), infrastructure and energy. He assists credit institutions and borrowers (investment funds, companies, etc.) in structuring complex financing arrangements and in drafting and negotiating financing documentation and related documents.

He is also very active in the financial restructuring of companies in difficulty through amicable or judicial proceedings. His expertise in turnaround LBO transactions is widely recognised.

He assists companies in difficulty and their shareholders/investment funds, as well as creditors (particularly credit institutions) in implementing optimal solutions and renegotiating financial debt.

He is involved in numerous trust transactions (security or management), whether for settlors, beneficiaries or trustees.
